

TECHNICAL EVENT

CONCRETE SUSTAINABILITY

TAFFS WELL RFC - CF15 7JD PRESENTATION 8.30AM	14TH MAR 2024
8AM	BREAKFAST & REFRESHMENTS

RECYCLED CONCRETE: THE ORIGINS, STUDIES, AND RELATIONSHIP TO A CIRCULAR ECONOMY

This unique seminar offers a brief history of recycling within the concrete industry since 1970, plus detailed technical studies of the properties of recycled concrete. Gain insight into the testing, specification, acceptance, and the commercial application of recycled concrete in the last 50-years from guest speaker, David Cooney.

With industry experience in the Middle East, Southeast Asia and Australia, David is uniquely positioned to pass his knowledge to Concrete Society members.

To find out more about this event, info about speaker David Cooney, and to register attendance, please visit WWW.BETONBAUEN.COM/EVENTS.
