

Innovative, Sprayed Waterproofing Solutions

Beton Bauen provide innovative waterproofing solutions for both new and existing build projects within the construction and maritime industries. Our portfolio ranges from domestic projects, high-end residential properties, to commercial buildings and civil/marine infrastructure. We specialise in sprayed waterproofing solutions for flat roofing, refurbishment, residential housing developments, highways infrastructure and the water industry. We provide 'fast track' spray applied waterproof systems, cement and resin based materials with the benefit of extremely fast curing times applied over large areas, including:
